

The **March** Artist of the Month is...

Shelbey Phillips! (Gr.10)

Shelbey is taking 2 art classes this year: *Intro to Photo* and *Studio Art 2*. She's like an art ninja: a quiet presence in class, but knocks you out with her creative ideas and ability to craft successful pieces. She pays close attention to detail when photographing, as well as while drawing and sculpting. Her photography skills have blown us away. Her ability to control her viewer by carefully framing her subject while including the perfect amount of color and texture is phenomenal. We are excited to see where her artwork will take us over the next couple of years.

Congratulations Shelbey!
Keep it up!
