

The **January** Artist of the Month is...

Isaiah Christensen! (Gr.12)

Congratulations Isaiah Christensen for not only being Artist of the Month for his great work in his various art courses, but also for being the designer for the Petersburg Library Logo. Isaiah worked back and forth with the library staff to create exactly what they, "the client" wanted. Something modern, that included elements from the original town seal, was original, and also gave off a library feel. Not only was his design approved by the library board, but the town board as well! Wonderful work Isaiah, the logo looks great, we are very proud of you!

Congratulations Isaiah! Keep it up!
